

AMERICAN LEGION
DISTRICT 5
COMMANDER DAVID
CLINGER

A message from The Commander,

" The purpose of the District Commander and its staff is to actively support all the posts through listening, encouraging, attending post events; while assisting with creating tools to educate the veteran community on the American Legion four pillars. In addition, to recruit and maintain a strong Légion membership so it continues to be the world's largest veteran organization thus giving the veterans and their family a voice on Veterans Affairs in Congress.

This year Goal is to simply Revitalize District 5. This means that District Commander Clinger and his staff will visit every post. Not to speak at you, but to listen, encourage and to SHARE RESOURES.

In just a short time, posts that have been visited can realize the benefits of the District attending their general membership meeting. Staff training is being offered at post level, suggestions on building revenue has been accomplished. With the ever changing world, Membership should be important to all. As important, Veterans helping Veterans.

For God and Country
David
